Heartbreaker ARTICULATED

evokes an attitude and style with subtle, playful poses. Stylized features are unique to this collection and enhance the flirtatious gestures of each character in the heartbreaker series. Articulated arms, modeled after the original measurements, have been engineered to perform tight bends and distinct turns, allowing endless posing ability and a more natural arm appearance. Male and female figures can be used alone or partnered in groups to tell the story of this romantic collection. Custom finishes and head styles are available to suit your brand.
